1 data, and from reading the deposition testimony of
2 Lance Bart Snyder in particular, Mr. Snyder says it
3 costs too much to carry it very far. So it will be
4 disposed near to where it's generated.

5 Q You agree that poultry litter is good at 01:20PM
6 growing grass?

7 A I agree that poultry litter can grow grass.

8 Q Okay, and the people -- there are people in
9 the Illinois River watershed who desire to utilize
10 poultry litter in order to grow grass; that's why 01:20PM
11 they use it?

12 A Certainly grows grass and certainly
13 individuals permitted to be -- put on their land to
14 grow grass.

15 Q Are you aware of anyone or any circumstance 01:20PM
16 that you're aware of in the Illinois River watershed
17 where a person has land applied poultry litter for
18 the sole reason of getting rid of it?

19 A I think there are two reasons to apply. One
20 is to grow grass and the other is to get rid of it. 01:20PM

21 Q Well, okay. Can you answer the question I
22 asked?

23 A Have I asked anyone to just put it there to
24 get rid of it, no.

25 Q Are you aware that there is a -- are you aware 01:21PM

1 that there is a general practice in the Illinois
2 River watershed of land applying litter for the sole
3 reason of getting rid of it?

4 MR. GARREN: Object to form.

5 A No, but the effect is to get rid of it. 01:21PM

6 Q Isn't it another reason that litter is applied
7 in the Illinois River watershed is that the State of
8 Oklahoma and the State of Arkansas and the USDA
9 Natural Resources Conservation Service have issued
10 nutrient management plans that authorize the litter
11 to be land applied in the Illinois River watershed?

01:21PM

12 MR. GARREN: Object to form.

13 A Well, nutrient management plans don't
14 necessarily allow it to be disposed. I mean,
15 nutrient management plans simply specify the
16 conditions of disposal. 01:21PM

17 Q You agree that there are nutrient management
18 plans or they be called an animal waste management
19 plan as a label that have been issued by the State
20 of Oklahoma that authorizes the land application of
21 poultry litter in the Illinois River watershed?

01:22PM

22 MR. GARREN: Object to form.

23 A Okay. I'm not sure that they're issued by the
24 State of Oklahoma as a state entity. They're
25 generally -- it's my understanding and experience 01:22PM
